

Recording your Look Wider Progress

Look Wider is a personal development programme that has been specifically designed and developed by Girlguiding UK for Senior Section members. It is your opportunity to try new things, further your abilities in areas you've already experienced and share your skills with others.

Everything you need to know about taking part in Look Wider is contained within the accompanying CD.

Use this section of the Record Book to keep track of and monitor your progress and achievements as you work on your Look Wider Octants. Keep updating it as you add new goals, and keep it safe so you can always refer to it.
